DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach a short-coherence imaging interferometer which also includes an optical probe which generates at least one optical intermediate image. The prior art short-coherence interferometers are of either the imaging type(Gaechter et al) which do not include an optical probe, or include an optical probe but are of the point by point scanning type(Swanson et al).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
